The Inspection team made very positive comments about Chrysalis throughout our Ofsted Inspection in June 2009. One of the Inspectors had not encountered ABA before and was impressed by the thorough and detailed processes involved and how well the children responded.

The Inspectors met with parents and representatives of the Governing Body and witnessed the high level of support given by the parents and the pride felt by everyone involved with the school.

The Feedback

This was very positive and the strong staff team were praised for their achievements. The SIEF was approved as a well written document, providing a clear picture of the school at its current stage of development. The health, safety and welfare of the children was considered an exceptional strength and we were commended for our continual development in this area. Recommendations for development included broadening the provision of cultural diversity, staff training and careers advice. All issues raised are being addressed in the School Development Plan.

The Judgement

The school was judged to be good overall, with outstanding provision for the welfare, health and safety of the pupils. I am very proud of the team at Chrysalis. Everyone works well together and the commitment and dedication of each individual is remarkable. I would like to thank everyone for doing such a fantastic job. Two inspections in 8 months, and we are all still smiling!
